this game is absolutley stunning. the graphics...oh the graphics, fuxcking superb. dont pass on this game i Wish i could go back in time and shake the hand of the creator of this fuxcking AWESOME game :). Best game I've ever played.. Actually my favourite game of all time. It's amazing. The music, the graphics, the level design, the game mechanics. All perfectly put together to create one game that is often overlooked as being an "average movie tie-in for an average movie".

For the sequel:

-VR

-More Barenaked Ladies

-More Fish

-More Dodgeball

-More Driving (free-roam world perhaps??)

-More Baseball

-More collecting items

-More weapons. hardest game ever. if you haven't seen the film dont expect to understand whats going on, ur just not a 2000s kid. Wow. One of the best experiences of my life.

Chicken Little's mix between a thrilling story, masterful level design, and beautiful mechanics really shape this game into what it is. What is it, you may ask? One of the best creations of all time, clearly woven by God's (aka Chicken Little's) hand.

BE CAREFUL, NOOBS! Only seasoned veteran gamers will be able to handle the deeply woven mechanics and the God-like precision needed to clear this game. All the people who have said that the Steam version is broken clearly have not played the game like I have. I have encountered 0 issues/bugs with my gameplay. I recommend this game to anybody who enjoys getting sucked in to a cinematic experience, but also for those who enjoy deep, always-changing gameplay.

10/10. Herein You Will Find Various And Numerous And Innumerable Hexes, Curses, Words In The Old Tongue To Cleave A Twain Friend, Foe, Family Alike. If You So Choose. Money Hates Me, God Hates Me, My Wife Hates Me, My Own Hands Hate Me. But Thats All Beside The Point. The Point Is That My Time Here On Earth Runs Short. Im Not Dying But You All Are. Im A Glass Of Wine. Nothing Beats A Glass Of Wine. When The Kids Arent Home And Your A Mother Theres A Glass Of Wine There. A Glass Coffee Table And I'm A Glass Of Wine. Stressful Day When The Kids And Youre Husband Then Glass Of Wine. Dark Chocolate Indulge. Petty Indulgences. When Youre A Glass Of Wine And Let The Body's Hit The Floor. When Your Glass Of Wine Is Running Short And You Say Heck What Of It. Why Dont I Have Another. Bartender I Am A Glass Of Wine. Bottoms Up And The Devil Laughs. The Bartender Remembers When It Happened. They All Remember When It Happened And If They Knew That You Dont Remember Then They Would Know That Something Is Awry Here Or So They Would Think. Something Would Be Amiss Or Smells Fishy. So Theyre All Relating There Stories Of Where They Were When That Event Happened And The Eyes Move Clockwise About The Room Where We All Share Our Glass Of Wine And Suddenly The Clock Ticks To You And They Ask The Fatal Question That Destroys Your Reputation, The Question You Could Never Answer, The Dead Giveaway: Where Were You When The Sky Was Falling. After all these years, I still have trouble with that stupid batting bit level.. The game has a post-apocalyptic and retro-futuristic setting, in the aftermath of a global nuclear war in an alternate history timeline mid-22nd century. The protagonist of Chicken Little is an inhabitant of a Vault, long-term shelters, who has nothing too loose, he must go on a epic journey and find his captive son from the people who took him.

best gam 10/10. best game ever created should get game of the year every year

I ♥♥♥♥ing hate Chicken Little, hes such a piece a♥♥♥♥♥♥no wonder nobody likes him. good platformer tho. The simply good game it focuses on real-life events in the middle east like ISIS and teaches the player the rights and wrongs of being a chicken to real life events and the media.. this is by far the most amazing game ive ever played. the levels are so well thought out, the gameplay is top notch, the story is so rich. 10/10 would recommend to all chicken little fan club members (cluck cluck!!!). 2fps all the \u2665\u2665\u2665\u2665ing time when im trying to play the \u2665\u2665\u2665\u2665ing game.
